GLENBROOK DEPARTMENT
OF GENEALOGY

This book was produced in 1979 to bring together a few facts and some tales of the past and present generations for the readers of family history. I have in no way made this complete but will print what knowledge I have and hope it is correct. I wish to take this opportunity to thank all the persons who have helped me to make this book. The list is great and without each and everyone of you this could not be possible.

I will start out with Joseph Henning I.(There are several Joseph's and for lack of a middle initial I will have to use I, II, or III.) The name used to be HENNICH going to HENNIG in 1879 and still later to what it is now.

Joseph I was supposedly captain of the King's Guard. Barbara ? whom he married supposedly was one of Queen Victoria's ladies in waiting. They eloped and had four children and they are:

1. Joseph II Henning - born April 13, 1829 in Putzig, East Prussia. He is our direct line whom I will say more about later.
2. Frank Henning - a blacksmith and trunk maker. He never came to America.
3. Barbara Henning - married name was Porsche, and came to America around 1889. One child named Anna who married Henry Neff.
4. Rosalia Henning - married Michael Krobst, came to America around 1885. She was born in 1843. Their children are:
   1. Bertha - married Peter Simeon, have 7 children.

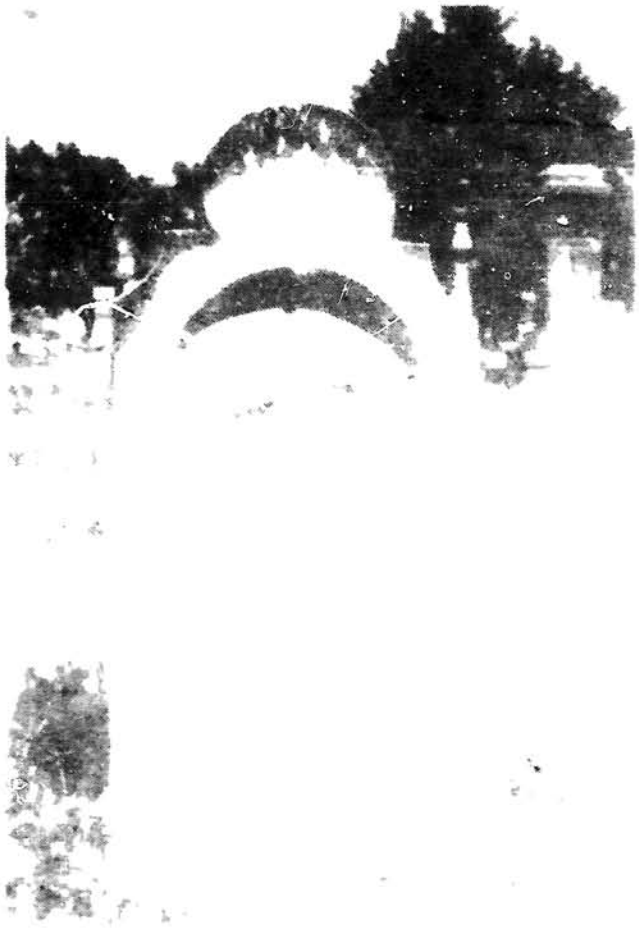
Joseph II Henning was born April 13, 1829 in Putzig, East Prussia. Putzig had a tragic history. It was ground under the boots of enemy soldiers many times. In November 1918,

Putzig was relocated into and made a part of the Polish Corridor. Early in World War II it was conquered and taken over by Germany. After Hitler in 1945, it was returned to Poland. Even the name was changed and now it is Wielka Wies.

Joseph II was born, raised and married there to Anna Marie Koshebya in 1852. She was born February 16, 1828 a Polish girl. Six of their seven children were born at Putzig. In 1867, with war threatning, the family made plans to come to America but for lack of enough funds, had to leave one child, Rosa about nine years old, there farmed out to a family of relatives for four or five years. They came over on the SS Franklin during 1867. It took about three weeks to come across and they did not come 1st, 2nd or 3rd class but in the class of steerage which is the lowest class of passenger. They first settled near Wheeling, West Virginia but not for long before they went to Wamego, Pottawatomie County, Kansas. Rosa joined the family there at the age of 14 or 15. The family then moved again. This time to a quarter section of land on Wolf Creek, half way between Luray and Lucas, Kansas. He homesteaded Section 26, Township 11S, Range 12W in Russell County in 1879. There Joseph II built a large stone house. Large enough to have dances, as he was a flute player and also his sons, Albert, who played fiddle, and Joseph played an instrument. They also played for the church on occasion. Joseph II also built a workshop next to the house in which he engage in sculpturing, woodcarving and repairing machinery for his neighbors.

In 1881 a man died near there so Joseph II carved out a monument for him made of Kansas limestone. He did an excellent job of carving two doves and a Biblical inscription on the base. This stone still stands i the center of the Luray cemetery. He made other stones but somehow never had any buyers.



In the meantime, Albert got married and eventually took over the home place so Joseph II moved to Shawnee, Oklahoma. He lived there with his wife, Anna and Julia, the rest of the children having been married by this time. Around 1901, Joseph II and Anna Marie came to Willowdale, Kansas. Anna Marie died April 11, 1905 and was buried at Willowdale.

After her death Joseph II remarried to a Mrs. Rausch, who had a son, Frank, who was studying for the priesthood. They lived at Shawnee, Oklahoma but Joseph II soon tired of her and her lazy son so left them. Joseph II died July 7, 1907 and was buried at Willowdale, Kansas.

Albert and Katie lived on Wolf Creek in the Henning home place in their early years having all their children there and baptized in Tipton, Kansas about fifteen or so miles away. They were a very religious family and come Sunday morning were very faithful in going to church. One Sunday after a big rain and Wolf Creek had high water which they had to cross to go to Tipton, they started for church. The horses got caught in the tongue or single tree of the wagon so Albert went under the water to get the horse foot out and was kicked in the head and went floating down the creek with the swift current. It was thought he was dead but a couple miles down the stream he was able to grab a branch and pull himself out.

In 1901 news about a Catholic settlement near Willowdale, Kansas was heard and to be able to live closer to church was

a dream so they sold their farm and decided to move to Willowdale when their youngest child Ed was about nine months old. In August 1901, they went by covered wagon which took them about three days to travel 150 miles. They bought half section of ground three and a half miles east of Willowdale and lived in a tent while hurriedly built a house before winter set in.

The Hennings seem to be noted for their music as another group was started with the father, Albert playing the fiddle, Joe the cornet, Ed cornet and piano, Anton french horn, Pete piano, and Nick on violin. They played for dances and also for church and church processions.

As time moves along they bought more land and had a total of eight quarters. Almost enough for one quarter for each son when big news about Texas came around 1919 and the "Get Rich Quick" theme was played. There was train excursion trips to Texas so it was decided to buy 80 acres at Donna, Texas and 80 acres at Mercedes, Texas in the Rio Grande Valley near Brownsville, Texas at $365 an acre to raise truck garden of cabbage. At this time land at Willowdale was around $40 per acre.

Joseph P. and Pete moved with their wives and families and also Albert, Katie, Anton, Ed and Josephine, their adopteddaughter, were there for two years.

As is the case, "Get Rich Quick" fell through. By the time they harvested their crop and shipped it to the market they did not make enough to even pay all the shipping charges and they had to dig up the money for that. They ended up mortgaging the Willowdale land to pay for the Texas land. When all was said and done all was lost except two quarters and one 80 left at Willowdale, Kansas. A hard less to learn.

Later Albert and Katie moved into Willowdale for about two years and then decided to have a house built one mile north and ¼ west of Willowdale. They lived on that farm for about two years and then moved back to Willowdale to retire.

As written by Sister Juliana

Our Pop (as we always called him) said that his father (Albert) said to him, "Nick, you are old enough, go out and find a girl and get married." So he did and got married April 20, 1904.

Grandpa and boys played for dances at that time. To make some money to live on. Pop said he soon dropped out after he was married for they got hardly any sleep that night and there was work to be done at home with family.

Grandfather and Grandmother and family went to Willowdale Parish Church in August 1901 from Tipton, Kansas. The family drove a surry type of buggy. Our Pop was in charge of wagon drawn by horses and also had horses with colts tied to the back of the wagon. He had much trouble with the horses and colts in the back so could not drive very fast. It took them three full days. When they arrived at their new place there was nothing there but a lot of trees and a spring water running through the trees.

So they put up their tents and Grandpa sent Peter to go fishing so they would have something to eat. Peter was very good at that job.

Our home is only across the pasture from this home place. George lives there now. Nick and Katie moved to Kingman in their retired years. They lived 1½ blocks east of the Catholic Church.

As written by James B.

I went to the Army in November 1, 1943, stationed at Arcadia, California. In December 1945 I was sent to Oaha, Hawaii where I spent one year. I was discharged December 13, 1946. In March 1948 I moved to Junction City, Kansas and later in June of 1953 went to Wichita. In September of 1954 I moved to Tallahassee. I started a body shop and specialized in VW's, also had Toyota and Fiat dealership. I retired in 1971 and sold the business to son, James Robert.

We moved to Wichita when I was about eight and when I was ten the folks got a divorce. I was born on Grandpa Henning's place at Willowdale. Later we moved west of Willowdale to Grandpa Winegardt farm. Then to Maize, Kansas and then to Wichita. When I was 16 I went to the three C's (Civilian Conservation Core) and was there six months at Willard, Utah. I can't think of much in the line of stories except there were plenty of hard times with the depression and all.

As written by Andrew

We went to some place I don't know where, I just remember it was on a train. I remember my Dad saying "look at the smoke!".

One winter Dad said he was going to make a shed, so he went outside to the junk pile and in about three hours he

had one made. We got a car, the name of it was a Kiesler. I went to school at Willowdale and my father had a blacksmith shop there. It was a small town with a church, store and school. We moved to Grandpa Weingardt's place. I don't remember the years in between but we moved several times. We had lots of troubles during this time. We went to Texas and stayed about two years. Dad was a Texas Ranger while we were there. Back to Willowdale. Then to Kingman. Then to Colwich and opened a garage. Then to Wichita. I met my wife at Boeing Aircraft Factory where we both worked. We married and moved to Arkansas City, then Wichita. Then California and in 1960 Tallahassee, Florida and worked for Toyota from which I retired. Now live in Sopchoppy, Florida.

As written by Catherine

Mother (Frances) ran off to get married and the Henning family disinherited her. They were married twice. First time by Justice of Peace and second time by Catholic priest. In their early years they lived somewhere between Willowdale and Zenda.

Mother was a barber getting her Certificate of Registration from the Barber State Board of Kansas in February 1921. She owned her own Barber shop in Sawyer, Kansas and years later had her shop in Ingersol, Oklahoma. Dad worked at odd jobs until he started renting farms. They also lived at Manchester, Oklahoma. Later they owned a small farm at Dover, Oklahoma. Sold it and bought a home in Geuda Springs, Kansas. Still later moving to Oxford, Kansas.

We are retired now living in Wellington, Kansas. John farmed and worked as a matainer and drove the Avon township truck and still does some. I worked at St. Luke's Hospital for fifteen years as a nurse's aid and still help out every now and then

Pete and Anna first lived in Willowdale. They moved to Texas for two years and then back to Willowdale.

The house that was built when the family moved from Tipton to 3½ miles east of Willowdale was moved into Willowdale around 1923 in the south part of town and for some years Pete and family lived there before moving 1½ miles north of Willowdale in 1946. Pete farmed but also was a Watkins dealer for many years selling spices and etc. to all the farm families for miles around in his Ford Van. Later he moved back into Willowdale.

When Anna died in 1922 her child Joseph was put in the same casket and they were buried together. Mary Ann was only one year old so was taker to John and Mary Henning to raise. Her family will be found there.

When John and Mary married they first lived east of Willowdale for a few years then moved north of Willowdale for a few years moving to Kingman, 3 south 2 west in 1928. They farmed the whole time and also John was an excellent mechanic and did repair work for all his neighbors. He was able to tell a person just about how long a tractor bearing would go yet if it was advisable to repair or not worth it any more. In fact that brought about his early death. He would take the kids to school in Kingman in the morning and then go to work in a garage and laying on the cold cement working on cars brought on pneumonia which he never got over. He worked there about six weeks.

They adopted one girl and raised another girl that of his brother Pete's whose wife died in childbirth. And then after nine years of not having any of their own children suddenly found themselves having ten over a period of years. Their youngest was born two months after John passed away.

As written by Cecilia.

My Dad and Mom were swell people. Never really were mad at us when I was a kid. Dad did love to play cards. There's only one trip when Dad and Mom and I went to Tipton, Ks. I remember getting the bed bugs but I'm not sure from what house and we really had a hard time getting rid of them. It took a lot of kerosene and we had to wash the mattress.

They lived and farmed one and ¼miles north of Willowdale, Ks. Moved south of Kingman in 1946 and he went to work for the county. After retirement they moved into Kingman, two blocks east of the Catholic church.

Bernard, Albert and John married Anna, Emma and Mary whom were all three sisters.

As written by Joan

Anton raised Bill Mertens to the age of 16. (His family is under August Henning married to Laurine.)

Anton sang in the Willowdale church choir for 40 years.

When Anton was young he owned a motorcycle. One evening after dark he headed north to the place he lived. (One mile north of Willowdale.) Was so dark that night he had to watch the edge of the road to find his way. He had no lights on his cycle. He thought he heard a noise over the loud roar of his cycle. At a glance he saw a horse head about even with his. About the same time the horse saw him. He slammed on his brake and the horse turned square around in the road heading back home as fast as it could go. Couple of days later Nick Kasel was telling every one he was going to Willowdale to see his girlfriend. "Something spooked his horse and she ran all the way home as fast as it could go." He said, "Good thing he had a Sears Roebuck buggy or it would never held together." Of-course Anton never did tell him he had done it.

As written by Florence

I know Pop played in the band when he was a young man for a few years. Played french horn. He hauled gas for 25 years for K-T Oil Company. He spent from the time he was 18 years old to 20 years old in Donna, Texas. He was a boss over bunch of Mexicans that couldn't speak English, for a lumber company. Had to carry pistol to keep them in hand.

They lived one mile north and ¼ west of Willowdale most of thier married life and even until their deaths.

The death places in this book does not necessarily reflect where they died but where they are buried.

In some cases dates or places or both are missing. And as time goes along will also be new births, marriages, and deaths. Would appreciate it very much if missing and new items could be sent to us so that in a few years, God willing, could put out a supplement to this book to keep everyone up to date. It has been a pleasure making this book and hope all have enjoyed reading it.
